President's Condition Satisfactory.
Washington, Oct. 2.—President
Roosevelt had a comfortable day and
the report from the temporary White
House is that his condition is satis-
factory. He spends most of the time
in his wheel chair and is able to de-
vote considerable attention to public
business.

BARONS HAVE A SCHEME

SAID COAL OPERATORS WILL DE-
CLINE TO TREAT WITH
PRESIDENT MITCHELL.

WILLING TO ARBITRATE

At the Conference With President
Roosevelt They Will Propose That
the Men Return to Work With the
Understanding That Their Griev-
ances as Individuals Be Submitted
to a Board of Arbitration.

Washington, Oct. 3.—The Post says
that the coal presidents at the con-
ference will decline to accept any
plan of strike settlement which pro-
posed to treat with President Mitchell,
but that they may have considered a
tentative plan, according to which
"the coal presidents will propose that
the men return to work with the un-
derstanding that their grievances as
individuals shall be submitted to a
board of arbitration and that the coal
presidents will agree to abide by the
decision of this board, members of
which shall be appointed by the president."

"It is expected that all the men to
whom invitations were sent will be
present at the conference. Mr. Baer
and Mr. Mitchell have accepted."

This was the only statement that
could be obtained at the White House
regarding the conference which will
be held during the day. Senator
Quay of Pennsylvania was in con-
ference with the president for an hour
and it is understood that he came
here at the request of the president
to discuss the strike situation.

Secretary Root, Attorney General
Knox and Secretary Shaw were in
conference with the president. It is
understood the president discussed
the subject of the conference, the cab-
inet officers making suggestions as to
what the president should say to
those who will participate in it.

Attorney General Knox will attend
the conference. He will be the only
member of the cabinet present. Car-
roll D. Wright, commissioner of labor,
who recently made an investigation
of the strike situation, also will at-
tend on the invitation of the president.

There is a feeling of hope among
those close to the president that the
conference will result in a settlement
of the strike. This hope is based on
the acuteness of the situation and the
necessity that exists for a settlement,
along with the known determination
of the president to bring about a settle-
ment of the great labor controversy if
such a thing be possible.

The special train with the presi-
dents of the anthracite coal roads ar-
rived in Washington shortly after 9
o'clock p. m. They did not leave
their cars.

President John Mitchell of the United
Mine Workers, and Messrs.
Nichols, Duffy and Fahey arrived here
at 1 o'clock a. m. Mr. Mitchell is a
member of the executive council of
the Federation of Labor, which meets
here in a few days, and he expects to
attend the meeting.

ALL NEGOTIATIONS OFF.

New Orleans Street Railway Com-
pany and Strikers Fail to Agree.

New Orleans, Oct. 2.—After four
days of useless parleying between the
striking street car men and railway
company, through the mayor as inter-
mediary, all negotiations came to a
positive end and a determined effort
will now be made by the company to
run cars. The railway company an-
nounces that it is ready to run cars
and has refrained from making the
attempt pending the outcome of the
negotiations. Cars with United States
mail signs were run unmolested over
the several routes during the day. It
was announced that passengers would
be taken on these cars, but when sev-
eral passengers started to get on on
Canal street the conductor abandoned
the car and was received with cheers
from the crowd of strikers gathered
at the corner of Exchange alley. A
clerk of the company discovered the
abandoned car later and took it to
the barn. A crowd of strikers amused
themselves by moving all the switches
on Canal street and at one place a
switch was found jammed with a
large iron nut. The big feed wires of
the Carrollton Avenue line were cut
during the night on Carrollton avenue,
near Cambridge street. There was no
other violence during the day.

GILT EDGE MINE SOLD.

Montana Property Acquired by a
Chicago Syndicate.

Helena, Mont., Oct. 2.—The Great
Northern Mining company has turned
over its Gilt Edge mine in Fergus
county to a Chicago syndicate head-
ed by John A. Drake of board of trade
fame, final payment on the property
having been made in New York dur-
ing the day.

The deal is one of the largest in a
mining way negotiated in Montana in
several years. The price received for
the property cannot be learned, but it
is said to have approached a million
dollars as the final payment upon the
property was about half a million.
The mine is one of the rich cyanide
mines of Montana and has paid large
dividends.

ARCHBISHOP KAIN ILL.

Suffering From an Ailment Akin to
Paralysis and Likely to Die.

St. Louis, Mo., Oct. 3.—Archbishop
John J. Kain, who has been in poor
health for the past six months, has
experienced a marked change for the
worse in the past two days. During
the day he was not able to say mass

ARCHBISHOP KAIN.

and denied himself to all visitors.
The archbishop's ailment is closely
akin to paralysis, and while his physi-
cians do not think there is imminent
danger, it is known from the nature
of his disease that the end is likely
to come at any time.

MINNESOTA FARM VALUATIONS.

State Board of Equalization Makes an
Increase of Twenty Per Cent.

St. Paul, Oct. 3.—The total value of
realty, including structures, in the
state has been fixed by the state
board at \$696,000,000.

As returned by the county boards
and assessors this year the valuation
was \$580,197,977, which was an in-
crease of \$77,658,000 over the figures
as fixed by the board two years ago.

To this the board added an increase
of about 20 per cent over the entire
state, making the total valuation
\$116,000,000 more than returned by
the state boards and county assessors.

The board took the ground that the
farm property of the state has been
valued too low, and the action taken
was in line with this view.

Realty in Ramsey, Hennepin and St.
Louis counties was left as returned on
the theory that in each of these
counties this class of property was
assessed much higher than any other.
The realty valuation in the three coun-
ties is: Ramsey, \$77,913,845; Henne-
pin, \$107,800,000; St. Louis, \$64,088,
345.

MADE BRIGADIER GENERALS.

President Promotes Colonels Kimball,
McKibbin and Hood.

Washington, Oct. 3.—In recognition
of their long and honorable service in
the army the president has directed
the advancement to the grade of
brigadier general of Colonel Amos S.
Kimball of the quartermaster's depart-
ment; Colonel Chambers McKibbin,
Twenty-fourth infantry, and Colonel
Charles C. Hood, Sixteenth infantry.
This action is made possible by the
retirement of Brigadier General Wil-
liam H. Bissbee, who is now on his way
home from the Philippines and who
has just been retired. The vacancy in
the list of brigadiers thus created was
filled during the day by the appoint-
ment of Colonel Kimball, who will
retire at once and permit of the ad-
vancement of Colonel McKibbin, who
also will retire immediately and leave
a vacancy for the appointment of
Colonel Hood. That officer will sim-
ilarly retire as soon as he receives his
commission in the higher grade, but
who will succeed to the vacancy thus
created has not yet been determined.

COLD AND STORMY WEATHER.

Europe Experiencing a Severe Touch
of Winter.

London, Oct. 3.—Europe is experi-
encing an approach of winter and in
England the weather is cold and
stormy. Snow has fallen in Germany
and Italy. Violent storms are raging
in the Naples district, at sea the
waves run high, and there have been
several deaths from drowning and
lightning. The sea has carried away
the semaphore station on the island
of Capri. The mountain districts of
Galicia are covered with snow.

In Denmark and Scandinavia also
the weather is very cold, inclement
and wet. Heavy snows are reported
from Central and Northern Sweden.

1880. In 1896 he voted for McKinley.
Since that time he had been identified

delegate to the Republican national
convention in 1900, when President
McKinley was renominated.

LONG TERM IN PRISON

SENTENCE OF SIX AND A HALF
YEARS GIVEN EX-CHIEF AMES
OF MINNEAPOLIS.

COUNSEL PLEADS FOR HIM

Requests the Court to Impose a Light
Sentence in View of the Character
of the Testimony—Remarks of
Judge Brooks in Explanation of the
Severity of the Punishment Are Im-
pressive—New Trial to Be Asked.

Minneapolis, Oct. 3.—Six years and
six months at hard labor in the peni-
tentiary at Stillwater was the sen-
tence passed by Judge Brooks during
the morning upon the former super-
intendent of the Minneapolis police,
Frederick W. Ames. The tense strain
of expectancy, of hope or fear as to
the possible decision of the jury,
which gave to the scene of the court
room Wednesday afternoon its dra-
matic elements, was lacking. The die
had been cast; the jury had pro-
nounced him guilty; now only re-
mained for the court to set the limit
of his expiation.

As he stood before Judge Brooks to
answer the customary questions which
precede the passing of sentence, Ames
showed not the slightest concern.
Once only did his face lose its stolid
calm. When Judge Brooks asked him
if he had anything to say before sen-
tence was passed, his eye brightened
as he answered:

"The verdict of the jury has been
received by me and I suppose I
must submit to it. I am not guilty."

Before passing sentence Judge
Brooks asked the customary ques-
tions, to which Ames answered that
he was born July 5, 1858; that he now
had no occupation; that he had for-
merly been superintendent of police;
previous to that he had been a sol-
dier and before that cashier of the
Bank of Minneapolis and of the post-
office.

When Ames had finished and the
judge was about to sentence him, At-
torney Welch called the court's at-
tention to the character of the testimony
upon which Ames had been convicted,
and asked that in consideration a
light sentence be passed upon his
client.

"Worse Than Anarchy."

The remarks of Judge Brooks, in
explanation of the severity of the sen-
tence, were brief and impressive. He
said:

"The crime of which you have been
convicted in this case is, under the
statutes of this state, a most serious
one. Our highest court has said that
it tends probably more than any other
to sap the very foundations of all civil
government. If such offenses were
tolerated and should become general,
government would indeed be worse
than useless. Anarchy itself would be
preferable. And from considerations
such as these the law imposes, and
justly imposes, a severe punishment
upon those found to be guilty of this
crime."

"For the purpose of imposing sen-
tence I must assume that the verdict
is just. And if it be so, no extenuat-
ing circumstances have been disclosed.
The fact that you held high public of-
fice merely aggravates the offense. If
guilty, as this verdict declares you to
be, you were not the mere tool of one
higher in power than yourself, whose

orders you undertook to obey; but
were, on the contrary, the chief of-
fender and the instigator of criminal
conduct on the part of others."

"These considerations, especially
the gravity of the offense under the
law and the absence of any extenuat-
ing features, in my opinion, justify
the sentence which I shall impose."

A stay of execution of fifty days
was granted. Mr. Boardman wanted
to be assured that the stay would not
be extended beyond Nov. 22. The
court presumed that Mr. Welch would
attend to this and other cases as soon
as possible. An appeal will be taken
to the supreme court if a new trial
is not granted.

The new bond was fixed at \$10,000.
This, added to an old bond of \$2,500,
makes \$12,500.

DROVE HIM OUT OF TOWN.

South Dakota Miners Mob a Shift
Foreman for Extortion.

Terry, S. D., Oct. 2.—Harry Collins,
a shift foreman at the Horseshoe Min-
ing company's mines, was driven from
town during the day by an infuriated
mob of several hundred miners, who
threatened his life. Collins was
charged with extorting several dollars
a month from the wages of a Slavonian
miner, as the price of holding his
position. The miners' union attempted
to secure his dismissal, but being
unsuccessful they marched to Collins'
home and drove him out of town,
threatening vengeance if he returned.

TERRORIZE THE TOWN.

Four Robbers Secure \$1,000 From a
Bank at Norman, Neb.

Minden, Neb., Oct. 3.—The safe in
the bank at Norman, three miles west
of this place, was blown open by rob-
bers before daylight. The robbers,
four in number, secured about \$1,000
in cash and terrorized the town.

Many persons saw them at work
and had to stand by helpless, for the
robbers were well armed and threat-
ened to kill any one who interfered.
Part of the building was taken away
by the force of the explosion. The
robbers escaped and are being pur-
sued by armed men.

Butte Miners Aid Anthracite Strikers.

Butte, Mont., Oct. 3.—The benefit
here in the Broadway theater for the
striking miners in Pennsylvania,
given under the auspices of the min-
ers' union of Butte, netted in the
neighborhood of \$3,000. This sum will
be forwarded to the strikers this week.

EXONERATE OLMSTED.

Foresters Clear Supreme Counselor of
Charge of Unwise Financiering.

St. Paul, Oct. 3.—Exoneration has
come for S. C. Olmsted, supreme
counselor of the United Order of For-
esters. Before adjourning the con-
vention gave out an official statement
over the signature of the executive
committee, in which it set forth that
the charge of unwise financiering
against Mr. Olmsted had been thor-
oughly investigated, with satisfactory
results to the delegates.

Eugene, Ore., Oct. 3.—John Whit-

former congressman, died during the
night.

Wouldn't Lose That Pleasure.

"So you never talk about people be-
hind their backs?"

"No," answered the woman, with a
grim expression. "If I know anything
which would annoy a friend, I always
tell it in her presence. I wouldn't miss
seeing her embarrassment for any-
thing."—Washington Star.

CANDIDATE ROSING is billed for speeches at Brainerd and Aitkin on the 21st.
If the republicans expect to win the coming election they must stand shoulder to shoulder and make a fight for the entire ticket.

The election of the republican congressional and legislative tickets in this district are two things that the voters should keep constantly in mind.

THERE is not a man on the republican county ticket but who is worthy and entitled to your support at the polls and by united action all can be elected.

THE Sixth district can ill afford the distinction (?) of electing a free silver democrat to congress and at the November election will say so in no uncertain sound.

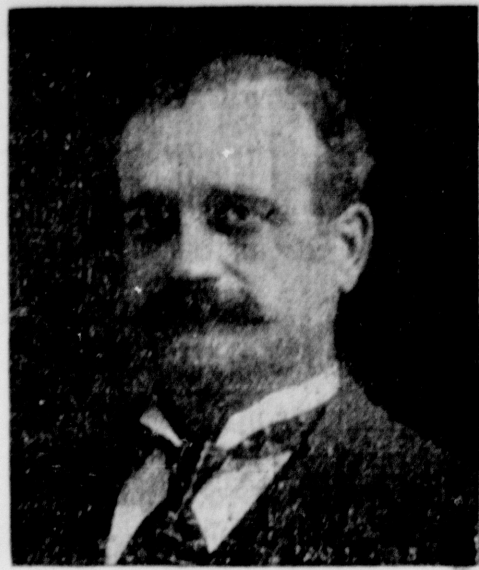

THE St. Cloud Times is still pounding republicans on the back over the congressional situation. It is really pitiful the solicitude this democratic organ has for the rights of republicans.

FRED AMES, the Minneapolis ex-chief of police, has been sentenced to six and a half years in the penitentiary for bribery, having been convicted of taking money from women of the town for police protection. Ames was colonel of the Thirteenth Minnesota regiment, military chief of police of Manila and later received the appointment in Minneapolis from his brother, Mayor Ames. His downfall has been rapid, returning from the Philippines in disgrace and now a convict.

OVER-CONFIDENCE should not be indulged in in this campaign but a vigorous and enthusiastic fight should be waged from now until election day by all republicans. Lack of energy and a general feeling that the result is not in doubt can be ascribed as the defeat of many a man who otherwise would have been successful. The following from the Red Wing Republican on this subject can be read with profit:
"There will be a good deal of still-hunt about this campaign. No democrat probably has the slightest hope of electing Mr. Rosing, but there will not be a vote neglected on that account. The party does not dream of recapturing the house of representatives, and there will be a desperate attempt to sneak in one or two congressmen from Minnesota. And of course it would be the sweetest and most important of triumphs if enough legislative districts could be carried to put the senatorship in some sort of doubt. All of these are remote and improbable dangers. But even in this strongly republican state we can guard against them absolutely only by a vigorous and enthusiastic campaign."

COL. A. J. HALSTED FOR MAYOR.
Four weeks from next Tuesday the citizens of Brainerd will be called upon to elect city officers, of which very little as yet has been said, and until the call for the republican city convention was issued a few days ago city politics had not been discussed to any extent. The city is on the eve of a prosperous era and THE DISPATCH believes that the people

desire to keep pace with the times and in the selection of officers to govern the city and regulate its affairs caution should be exercised that the best men are placed in control. Especially so is this in regard to the mayoralty and THE DISPATCH believes that the people of this city can do no better than to re-elect its present executive, A. J. Halsted. Past experience has taught us that it is a wise idea to keep a good official when the opportunity presents itself and especially in the office of mayor. During Mr. Halsted's incumbency the city has forged ahead and many public improvements have been put under way that need a man of experience and good business judgment to complete and during the next two years especially it will be necessary to have a man at the head of the city government who understand its needs and who is thoroughly conversant with the important affairs projected. During the past two years the city has taken rapid strides ahead and while the entire credit is not claimed for Mayor Halsted, he is certainly entitled to a large share, for his efforts have been in line with the policy that has made these things possible. Among the things that the city administration can point to with pride is the removal of the house of prostitution, nickle-in-the-slot machines prohibited, doubling of the capacity of the electric light plant and the adoption of the meter system, new quarters provided for city officers, paving of two miles of streets, street signs erected and houses numbered without which the free mail delivery could not have been secured. THE DISPATCH believes that the citizens of Brainerd will give Mayor Halsted a practically unanimous re-election, and thereby voice the sentiment of nine-tenths of the tax payers who desire wise and conservative government.

CITY UP AGAINST IT ON LIGHT QUESTION

From General Observation it is thought There is Not Revenue Enough.

BUT SEVEN AND ONE-HALF CENTS

Per Kilowatt is the Rate Under the New System Recently Installed.

As near as can be learned it is thought that the city council has made a serious mistake in the matter of fixing the meter system rate and that it will have to be changed in a short time or the city will be in the hole financially.

When the matter first came up for discussion the rate was a stickler and the officers of the various cities of the size of Brainerd were interviewed as to what rate they were charging. A ten cent rate was the one most generally in vogue and when the ordinance was first passed this rate was the one fixed, but later the rate was changed to seven and one-half cents.

The price is now thought to be ridiculously low and in fact so low that the revenue is not thought to be at all adequate with the expense. In many cases also there is a twenty-five per cent discount if the bills are paid before the 10th of each month.

Of course the meter system in the business districts has perhaps been more resourceful for the city but in the resident portion there has been a scrimping to such an extent that the revenues from this source have been greatly depleted. It is now thought that those who stuck out for the ten cent per kilowatt rate from the start were in the right. One of those who wanted this ten cent rate was Alderman Rowley and he stated at the time that the council would be sorry before they were through with the matter.

We have two new cushion sole shoes. We believe you will want a pair if you see them. They are so easy.

MAY HAVE STARCH FACTORY.

Dr. J. L. Camp and Con O'Brien Interested in the Matter Although Nothing Definite is Done.

Brainerd may have a starch factory in the near future, as two of the most enterprising gentlemen of the city are interested in such a project. They are Dr. J. L. Camp and Con O'Brien. Some time ago Dr. Camp went to Anoka to look the factory there over and other information regarding such a venture has been sought out from different other sources. It is claimed for Brainerd that it would make one of the best points in the state, more particularly on account of the fact that potatoes flourish in Crow Wing with an abundance seldom equaled. The matter is being investigated by the above gentlemen from different view points and some tangible results may follow.

WILL FURNISH A ROOM.

Brainerd Lodge, B. P. O. E., May Furnish Room at the New St. Joseph Hospital.

Last night at the meeting of Brainerd Lodge, B. P. O. E., a matter of vital interest to every Elk was brought up for general discussion, that of furnishing a room at the new St. Joseph hospital. It is customary in all cities where there are hospitals of this kind that secret societies furnish rooms which are designated at the hospital by the name of the particular lodge which furnished the room. The Elk lodge in this city is the first to take the initiative in this matter and it took form last night when Exalted Ruler J. T. Sanborn appointed the following committee to look into the matter and report at the next meeting: Dr. J. A. Thabes, J. J. Howe and A. L. Mattes.

St. Joseph hospital is a credit to the city of Brainerd and the Elks deem that it would be an honor to have a furnished room there where they can take the sick brothers, who would feel more of an interest in the place if something had been done by the order with which they are closely affiliated.

MISSION RESULTS

IN POWER OF GOOD

At St. Francis Church Where Eloquence of Brooklyn Passion Fathers Enthuse.

BIG CROWDS GATHER NIGHTLY.

Discourses of Rev. Father Robert Surpass Anything That Has Been Heard in the City.

Little if anything was thought by the average worshipper, of the mission which has been in progress at St. Francis church when the first advance announcement was made by Rev. Father D. W. Lynch, the pastor of the church, but seldom ever has a people been stirred as they have this week and the services each evening are attended by crowds which fill the edifice to overflowing. Father Hayden and Father Robert, the Brooklyn passion fathers, who have been conducting the services, have few equals as eloquent orators and speakers, and with all their talents and attainments there is a sincerity that carries with it a conviction reaching the most disinterested thinker of things serious.

Rev. Father Robert is much the older of the two men and since Tuesday evening when he gave his first discourse he has fairly electrified his audiences. His two discourses on "Death" and "Judgment" were perhaps the most dramatic and eloquent that have ever been heard in this city, and his burning metaphorical utterances will ring for many months on the ears of his hearers.

Last night he spoke again, his discourse being on a more placid subject, but the sermon was a beautiful

thing. He spoke on "The Mercy of God", and his hearers, some eight hundred in number, were brought back from the vale of tears of a night before and were made to feel to the depth of their hearts almost a solicitation for the crucified Christ, for the voice of the speaker seemed to be as an echo from Calvary, when he plead with those who were in sin to put it all off. The flight of his oratory flamed by a sincere passion was intensifying when he raised his hand to the crucifix and spoke of the feet of Christ nailed to the cross, his hands bleeding and painful, the crown of thorns pressed close to his brow and the rod of steel piercing his heart. And yet the Christ was merciful. His many apt illustrations among which was that of the Prodigal son, were well put and withal many thought the discourse was the best yet heard.

Tonight he will speak again on "The Passion of Our Lord", and there will doubtless be another very large audience.

THEIR SALARIES ARE RAISED.

Employees of the Northern Pacific Other than Those Employed in the Shops Get Substantial Raise.

Notification was received in the city of a general raise of the employees of the Northern Pacific in this city, other than those employed at the shops. This includes those who are employed in the freight office and in the yards. Cashier C. E. Wilson gets a raise of \$10 a month, and others get their salaries tilted proportionately.

A Great String of Bass.

Henry I. Cohen and his brother-in-law, C. Schoeneman, who were out to Fish Trap, were photographed yesterday afternoon with their "catch", by Miss Canan. They caught fifty-three of the finest bass in one haul that has ever been brought to Brainerd. The average weight of the fish was four pounds and they were dandies. One of them weighed six pounds. Mr. Schoeneman, whose home is in Chicago, is now of the opinion of many others that this is the greatest country on earth for bass fishing.

Rev. J. A. Johnson, of the Swedish Lutheran Church, Given a Pleasant Surprise by His Parishioners

Rev. J. A. Johnson, of the Swedish Lutheran church, and his estimable wife, were given a most delightful surprise last night by a large party of members of his congregation and others. The party, to the number of nearly two hundred quietly gathered in the church unknown to their victims, and the church was darkened. One of their number was then sent to bring Mr. and Mrs. Johnson into the church on some pretext, when the electric lights were turned on to the complete surprise and confusion of the pair. Attorney A. T. Larson, then on behalf of the guests, presented Mr. Johnson with a fine leather easy chair, a gold pen and pen holder, and a purse containing \$15.50. Mrs. Johnson was also presented with a silver coffee urn, beautifully engraved with her initials and the date of presentation, and a fine silver and glass fruit dish. The reverend gentleman responded in a few well chosen words thanking them for their gifts, and expressing his gratitude for their appreciation of his services as evidenced by their beautiful gifts.

All then repaired to the parsonage where refreshments were served, and a most delightful social evening was spent.

The occasion for the surprise was the fact that Mr. and Mrs. Johnson will terminate their labors in this city the latter part of the month and will go to Rush Lake, in Chisago county, where Mr. Johnson has accepted a charge. It was also Mr. Johnson's birthday anniversary.

They have lived in this city for the past six years, and have greatly endeared themselves to the members

MUSIC AND DRAMA.

COMING ATTRACTIONS.

October 8—Haverly's Minstrels.

October 10—A Poor Relation.

October 13—The Little Outcast.

"A Little Outcast" has a swing and a breeziness and a vigor that set it apart from the majority of plays. It is soundly American throughout, often exciting, often humorous, and always interesting. At the Brainerd Opera House, Monday, Oct. 13.

Tonight the Brainerd Opera House will have for its attraction "Yon Yonson" which is such a departure from the average dialect productions. It is a Swedish dialect comedy with a plot well worth listening to, and Mr. Neise Erickson assumes the part of a swede just over. As the play progresses, "Yon" shows evidence of becoming Americanized gradually. It is said since the death of Heege no one has assumed the character so perfectly as Mr. Erickson, who originated the part in England. The play is promised to be staged with new scenic equipment, all of the scenery being appropriate. During each act a number of refined specialties will be introduced including the Lumbermen's quartette. Among other members of the company are Patti Rosa and Florence Gear.

HAVERLY'S MINSTRELS.

"Always the best, and ahead of the rest" applies appropriately to Haverly's Mastodon Minstrels, who will shortly arrive here and present a real minstrel performance, headed by George Wilson, Happie Johnnie Swor, Frank Young, Perron Somers, Jovial Bert Swore, and a lot of happy comedians; also the famous Carl Damman troupe from the Casino Du Paris, will be here and the most thoroughly enjoyable minstrel entertainment ever presented in this city is assured for next Wednesday evening, Oct. 8th.

We show a big line of children and boys shoes for fall wear. They are the best in the market.

They have been working out every night for the past two weeks and they are fast on their feet. The Little Falls eleven has a strong lineup and a good game may be expected Saturday afternoon.

Spelley, who did a great stunt at base ball in this city this summer, is now assuming the role of a football player on the Agricultural college team at Fargo.

COLLIDE IN A TUNNEL

FIVE PERSONS KILLED IN A
FREIGHT COLLISION NEAR
CORNWALLIS, W. VA.

EXPLOSION OF FIREDAMP

Twelve Miners Perish in the Lawson
Mine at Black Diamond, Wash.
Accident Occurs on the Fourth
Level, Sixteen Hundred Feet Below
the Surface—Only Three Bodies So
Far Taken Out.

Parkersburg, W. Va., Oct. 3.—Five
persons were killed and three injured
in a head-end collision between two
freight trains in a tunnel near Corn-
wallis on the Baltimore and Ohio rail-
road during the day. The train car-
ried several cars of cattle which were
all killed or injured.

Fred Pearce, engineer; William
Miller, brakeman, and a tramp were
killed. It is thought several others
are in the tunnel and two can be seen,
but they are beyond reach at the pres-
ent time. Probably twenty cars were
wrecked and the tunnel is filled with
debris.

TWELVE MINERS PERISH.

Disastrous Explosion of Firedamp at
Black Diamond, Wash.

Black Diamond, Wash., Oct. 3.—An
explosion of firedamp occurred during
the night in the south end of the
fourth level of the Lawson mine, bad-
ly wrecking the mine and killing
twelve miners. No fire was started.
Three bodies have been taken out.
Three men were injured, one badly.

The dead are: Joseph J. Jacker, Frank Flinder,
Frank Rochelle, Robert Lundberg,
John Swanson, John Creghino, Simon
Tersuavich, Edward A. Actonlat,
Errico, John Leter, Hugh Levander,
Louis Berkman.

The Pacific Coast company is the
owner of the mine. Everything possi-
ble is being done to recover the
bodies. The fourth level is 1,600 feet
below the surface. As soon as it was
known that the accident had occurred
the people of Black Diamond hurried
to the scene of the disaster, one mile
from here.

The fans are now working in the
mine and the deadly air is being
cleared out.

SUING THE SOUTHERN PACIFIC.

Government Seeks to Recover Excess
From the Sale of Lands.

Los Angeles, Cal., Oct. 3.—Suit has
been filed in the United States circuit
court by Attorney General Knox, Dis-
trict Attorney Valentine and Special
United States Attorney Cal on the
part of the government against the
Southern Pacific Railway company. It
is an action to recover the excess over
the purchase price received by their
corporation from the sale of lands
within the forty mile limit of the old
Atlantic and Pacific grant from the
San Francisco connections to the Colo-
rado river under the act of July 27,
1866, and involves thousands of acres.
A subpoena is asked requiring D. O.
Mills, Homer S. King and the Central
Trust company of New York, as trust-
ees, to appear in court to answer to
the complaint.

TO FIGHT PACKING TRUST.

National Live Stock Association De-
clares War on the Merger.

Denver, Oct. 3.—The National Live
Stock association, several of the large
Western railways and individual
stockmen throughout the West have
decided to fight the proposed merger
now in process of formation of the
great packing industries of the coun-
try. Announcement to this effect was
made by President John W. Springer
of the National Live Stock association
after a conference with C. F. Morse
of Kansas City, who is president of
both the Kansas City and Denver
Stock Yards companies.
President Morse said that his yards
would stand by the stock men and if
necessary he would build an independ-
ent plant in Kansas City.

GIVEN A STAY OF EXECUTION.

Kansas Supreme Court Will Hear
Jessie Morrison's Appeal.

Topeka, Kan., Oct. 3.—The Kansas
supreme court has granted a stay of
execution in the case of Jessie Mor-
rison, now in the penitentiary for the
murder of Clara Wiley Castle. The
case will be heard by the supreme
court in January. Miss Morrison's
appeal bond was fixed at \$10,000. As
soon as this is given she will be re-
leased until the time of her trial. She
was sentenced to fifteen years in the
penitentiary.

Butte Cashier Disappears.

Butte, Mont., Oct. 3.—Assistant
Cashier Fred H. Warner, of the New-
bro Drug company, the largest in
Butte, whose parents are highly re-
spected people living at Lansing,

proximating \$2,000, which is said to
have been squandered upon one of the

kers, a prominent Louisiana cattle de-
aler, and Edward Coglin, a public

His body fell in his wagon and the
horses, becoming frightened, ran

LEAGUE OF REPUBLICAN CLUBS

Annual Convention Now in Session
at Chicago.

Chicago, Oct. 3.—The annual con-
vention of the League of Republican
clubs was called to order in the First
regiment armory with about 400 dele-
gates representing the auxiliary
leagues of the various states. This
number is less than half the attend-
ance which had been expected. It
was commonly admitted that the
nomination of President Roosevelt in
1904 would be endorsed.

Among the candidates for the league
presidency were mentioned J. H.
Moore of Pennsylvania; Sid B. Red-
ding of Little Rock, Ark.; Richard
Wood of Sioux Falls, S. D.; and Shur-
ley E. Johnson of Kentucky. The fea-
ture of the morning's session was the
address of President Isaac Miller
Hamilton.

Among the members of the commit-
tee on resolutions are Charles R. Mc-
Kinney, Minnesota; W. S. Sanders,
Montana; W. C. Cook, South Dakota,
and George M. Curtis, Iowa.

Vice presidents have been elected,
including the following: James A.
Martin, Minnesota; Lee Mantle, Mont-
ana; W. J. Thornaby, South Dakota;
H. W. Byers, Iowa.

Among the members of the ex-
ecutive committee are Charles C.
Whitney, Minnesota; W. F. Saunders,
Montana; W. C. Lusk, South Dakota,
and F. A. Bennett, Iowa.

OPEN NEW YORK CAMPAIGN

Senator Depew and Congressman
Payne Start the Republican Fight.

New York, Oct. 3.—Senator Chan-
cely M. Depew and Congressman Ser-
ene E. Payne were the speakers at a Re-
publican mass meeting held at Car-
negie hall to open the state campaign
and to ratify the nominations made
at the Saratoga convention. The con-
gressman, after paying a tribute to
the administration of President Roose-
velt and Governor Odell, discussed
state issues and the country's pros-
perity. On the question of trusts he
said there was much confusion in the
minds of the people. It was indis-
putable that some corporations had
existed which had oppressed the peo-
ple, but there were more corporations
misnamed trusts which had done
much for the country.

Senator Depew dwelt in detail on a
number of state questions which he
asserted Governor Odell had handled
in a satisfactory manner to the peo-
ple of the state. He praised the way
in which the Spanish war had been
handled, called attention to the pros-
perity of the country, lauded the
party's record in Cuba and the Philip-
pines and said that all the results of
the party's endeavors in this line had
been carried to a successful issue in
spite of alarms sounded by the Demo-
crats. He devoted the rest of his ad-
dress to discussion of the trust
problem.

SLATE ALL MADE UP.

Massachusetts Republican Con-
vention to Be Free From Contests.

Boston, Oct. 3.—Without any polit-
ical incident of note the delegates to
the Republican state convention
gathered at the American House,
where the usual reception of the state
committee to Governor Crane and
Lieutenant Governor Bates, the latter
to be the nominee for governor, was
held. The plans for the convention
are matured and there will be no con-
tests for any of the offices.

Early in the afternoon the commit-
tee on resolutions met and gave formal
sanction to the platform it had un-
der consideration.

The convention will be presided
over by John D. Long, former gover-
nor and secretary of the navy. Sen-
ator Lodge will present the name of
John L. Bates for governor, while
Congressman Lawrence will perform a
like service for Curtis Guild, Jr., for
lieutenant governor.

THE OTHER STATE OFFICERS WILL BE RE- NOMINATED.

ADDRESS BY DOLLIVER.

Iowa Senator Talks to a Mass Meet-
ing of Republicans in Chicago.

Chicago, Oct. 3.—The "Iowa Idea"
came to the surface at a mass meet-
ing under the auspices of the National
League of Republican Clubs, which
met in annual convention here during
the day. United States Senator J. P.
Dolliver of Iowa was responsible.
Senator Dolliver's distinction as an
orator and statesman ensured him in
advance the enthusiastic reception he
received from an audience that filled
the first regiment armory.

Mr. Dolliver spoke at some length
on the progress of self-government
in the Philippines and closed with a
tribute to the man of brains and cour-
age, who is the leader of the Repub-
lican party and the president of the
United States.

Other speakers at the meeting
were Congressman A. J. Hopkins of
Illinois and Martin B. Madden of Chi-
cago.

LITTLE BUSINESS DONE.

National Grain Dealers' Convention
Listens to Addresses.

Peoria, Ill., Oct. 3.—The second day
of the National Grain Dealers' con-
vention was more liberally attended than
the preceding day. But little business
was attempted and the day was prin-
cipally given over to speechmaking.
J. T. McCall of Minneapolis read an
important paper on the "Recap of
Duty on Canadian Grain," and strong-
ly advocated the measure. Other pa-
pers were, C. A. McCotter, Indian-
apolis, on "Mutual Fire Insurance,"
John O. Fairing of Philadelphia, "Uni-
form Inspection of Grain," E. O.
Paddock, Toledo, "Grain Corners,"
and Homer H. Peters, "Hedging
Against Cash Grain."

In the morning consideration of
amendments to the constitution will
come up, as will the selection of next
year's meeting place. Milwaukee and
St. Louis are prominent candidates.

STARTLING TESTIMONY.

State's Case Practically Concluded in
the Snyder Trial.

St. Louis, Oct. 3.—In the trial of
Robert M. Snyder, the banker and pro-
moter charged with bribery in con-
nection with the passage of the Cen-
tral Traction bill, the state's case was
practically submitted during the day.
Startling testimony was elicited to
the effect that large sums of money
had been freely distributed in se-
curing votes for the bill. Probably the
most startling testimony of the day
was from George J. Kobusch,
president of the St. Louis Car com-
pany.

He said that he was the man who
interested Snyder in the Central trac-
tion bill, that he dealt with counsel-
men through Edgar A. Mephan and
that he sent money through Mephan
and that Mephan was to be paid \$25-
000 for his services.

He has named some of the men who
got the money—Carroll, \$17,250; Gaus,
\$10,000; Gast, \$10,000, or at the gen-
eral rate of \$10,000 a head.

Frederick G. Uthoff also unboomed
himself with rather a little confusion,
yet he named large sums of money
with directness, specifying who paid
and who was paid.

EXCEPT FOR INFIDELITY.

Bishop Morrison Will Not Permit Mar-

nounces that hereafter he will not go
behind the record of the courts in di-
vorce cases. Divorced persons who
have secured decrees on any other
ground but infidelity are prohibited
from marrying again. The practice
or hearing testimony of infidelity at
the request of the divorcee who has
failed to plead statutory grounds is

Rosing Speaks at St. Paul.

St. Paul, Oct. 3.—A stirring arraignment of what he styled Republican
made trusts and Republican malad-
ministration of the power entrusted
to its leaders was the keynote of the
address with which Leonard A. Ros-
ing, the standard bearer of Demo-
cracy, opened the Democratic cam-
paign in the First and Fifth wards of
St. Paul. Ex-Governor Lind also
spoke.

General Weyler May Resign.

Madrid, Oct. 3.—It is currently re-

sequence of King Alfonso's refusal to
sign certain military decrees which
have been presented to his majesty
by General Weyler.
